

unlock the power of community

get connected

Winter/Spring 2025 Edition

Welcome to Heritage Church!

It is our goal to help each person develop a deeper walk with Jesus while growing in meaningful relationships and fellowship within the body of Christ! We want all to become who Jesus created us to be. We believe that getting and staying connected in the body of Christ is one of the best ways to grow, deepen and sustain your faith in Jesus Christ.

1 Thessalonians 5:11 says to “encourage one another and build one another up.” Here are a few reasons why connection is powerful and necessary at Heritage Church:

1. You will make new and lasting friendships
2. You will have the opportunity to grow in the Word and prayer
3. You will have opportunity to create accountability in your relationship with Jesus
4. You can become equipped to use your gifts and talents to serve the Church
5. You will make an impact in our community and abroad
6. Ultimately, you will become a disciple who makes disciples!

Our heart at Heritage is for everyone to be connected beyond just the Sunday morning worship gatherings. If you need help finding a group, starting a group or to simply know more about our groups, please do not hesitate to let us know. Our job is to help you see the value of greater friendship and community within the Church, inspiring you to grow, be accountable and fulfill the call to be “one in the body of Christ.”

Greater connections await inside!

The following pages identify ways that you can connect with the body of Christ throughout the week in what we call SMALL GROUPS. These small groups vary from group to group primarily focusing on teaching, growing in the Word, prayer, equipping for disciple-making, accountability, community-based fellowship, serving and outreach. While each small group should lend to the care of one another and disciple-making at its core, below is a short explanation of each type of small group we offer.

What is a Growth Group?

Growth Groups focus on getting to know more about God through the teaching of His Word. Most of these groups focus on content, discussion, and application and usually occur on Sunday mornings as well as a few that meet throughout the week.

What is a Life Group?

Life Groups focus on doing life together. These groups care, fellowship, pray, serve and go below the surface in their conversations and relationships with one another. These groups build our church family.

What is a Fellowship Group?

Fellowship Groups focus on fellowship and activity. They enjoy creating environments for play, hobbies, and fellowship with other believers and use this to introduce others through common interests to Jesus.

What is a Ministry Group?

Ministry Groups focus on serving within the church and the community.

GROWTH GROUPS | SUNDAY MORNINGS

8:00am | Prayer | Prayer Room

This is a time to pray prior to our Sunday services and contend for God's Word as it will be preached and our hearts to be ready to receive.

GROWTH GROUPS | THROUGHOUT THE WEEK

Sundays | 6:00pm | Under the Hood: The Gospel of Mark | The Community Room | Led by Dr. Charles Armour

Dr. Armour will be going deeper with our series, *THE BEST NEWS EVER*. Each session will be self-contained so folks can still benefit even if they are unable to attend regularly. This will be an in-depth study geared at helping people gain a better and deeper understanding as well as an appreciation of this Gospel. Both the beginning and advanced Bible student will find things they can learn. We shall examine the language and meaning of the text in order to convey Mark's original intent and compare it to the other Gospel traditions. From that, we will ask the question; "What is God saying through this?" Additional writings may also be considered as they pertain to Mark, inclusive of early church fathers, Dead Sea Scrolls and Hellenistic literature. All of Mark will be taught from the perspective of it being "sacred and inspired literature", which we believe it certainly is.
